groom's attire

When choosing your outfit, check that the style and colours will complement those of the bridal gown and bridesmaids' dresses. The groom may wear a completely different outfit to his groomsmen or just wear different accessories. If you're hiring a suit, make sure you book it well in advance and try it on within a week of the wedding just in case last-minute alterations need to be made.

top tips

- It is important that you feel comfortable in your attire.
- Consider wearing an informal suit if it is appropriate to the style of your wedding.
- If you are hiring a suit, be sure to choose and book it well in advance.
